The Colorado Off-Highway Vehicle Coalition (COHVCO) was formed in 1987 by a group of leaders from the Four Wheel Drive, Motorcycle, Snowmobile and ATV communities. COHVCO is a coalition working to protect your right to enjoy your public land!

COHVCO works to promote legislation and regulation favorable toward OHV recreation. COHVCO has established relationships with Federal and State Legislators and Land Managers to enhance OHV opportunities in Colorado.

COHVCO works closely with local clubs, state and national OHV organizations, as well as other trail and recreational coalitions to promote OHV opportunities and responsible use of our public land.

COHVCO developed, promoted and assisted in the creation of the Colorado OHV Act, which is a registration program to collect fees and provide grants for local OHV groups and Land Management agencies to maintain trails, erect positive signage and educate motorized enthusiasts about responsible OHV use on Public Lands in the state. Since its inception, this program has allocated over \$14 million for these projects.

You need COHVCO and COHVCO needs you, join today!

The Mission of the Colorado Off-Highway Vehicle Coalition (COHVCO) is to represent, assist, educate, and empower OHV recreationists in the protection and promotion of off-highway motorized recreation throughout Colorado. COHVCO is an environmental organization that advocates and promotes the responsible use and conservation of our public lands and natural resources to preserve their aesthetic and recreational qualities for future generations.

COHVCO's Responsible Recreation Committee was the founder of the "Stay The Trail" campaign. Visit www.staythetrail.org and www.cohvco.org for additional information.
